ANODIZED MAXXGRIP™ GLADHANDS

The design of the MAXXGrip combines a gladhand & grip into one solid piece. This built-in, ergonomic handle provides leverage for easier coupling and reduces the chance of kinking air lines.

Anodized Finish
Provides Superior
Salt Spray
Resistance All
Year Long

Lightweight,
Yet Durable
Aluminum Body
with Stainless Steel
Wear Plate

Color-Coded
Clamp for Simple
Line ID and
Added Corrosion
Protection

DID YOU KNOW?

De-icing chemicals cause damage all year long, not just during winter! Particles in road dust pull moisture out of the air & corrode your equipment.

Be sure to wash your truck regularly and use corrosion resistant **anodized gladhands & valves!**

P/N

DESCRIPTION

441242

Anodized MAXXGrip, Service

441243

Anodized MAXXGrip, Emergency
