

THE MAXXWRAP™

A DURABLE NEW WAY TO PROTECT YOUR VITAL LINES!

PICTURED:
Hoses - BR455180PMAXXSET
ABS Cable - 421167

Tramec Sloan's new MAXXWrap provides a durable way to bundle your air and electrical lines. Made from tightly woven ballistic nylon, the MAXXWrap is flexible, repels liquid, and prevents damage from tangling, abrasion, gasoline, engine chemicals, salt spray, and more!

FEATURES & BENEFITS

- Developed with and tested by a major US & Canadian Fleet to meet your all-weather needs!
- The MAXXWrap makes it simple to repair and replace your air and electrical lines whenever needed.
- The Hook & Loop closure means your lines can be easily unwrapped for DOT inspection.
- Less SKUs to stock.
- Custom create any combination of hose and electrical lines!
- Made in the **USA!**

1. Choose Your MAXXWrap Size:

12' Wrap	15' Wrap	20' Wrap
451209	451210	451211

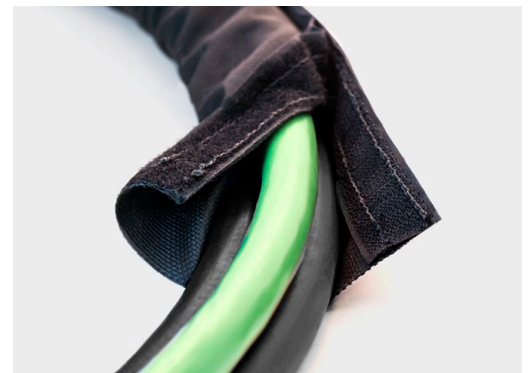

2. Choose Your Air & Electrical Lines:

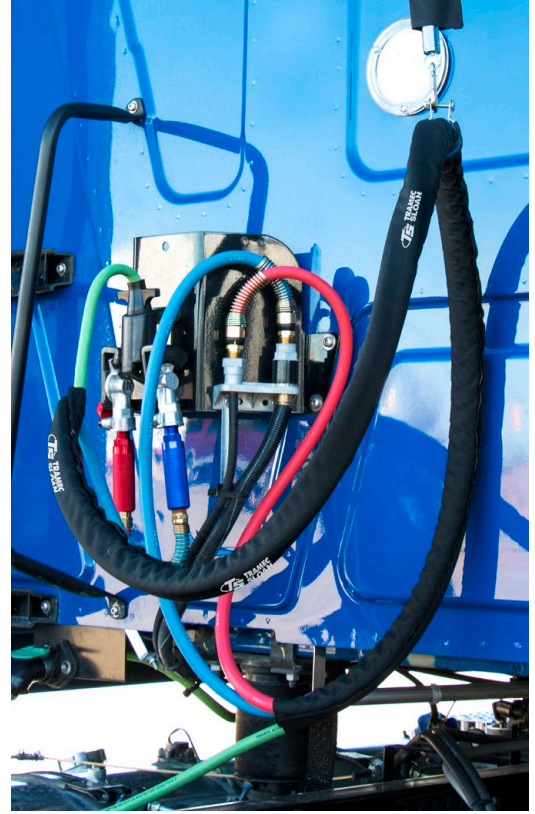

Use our Tractor-to-Trailer Assembly Guide
Example: 455180DSET & 421167 (below)

3. Wrap!

THE MAXXWRAP™

THE MAXXWRAP™

P/N	DESCRIPTION
451208	Bulk MAXXWrap - 150' Roll*
451209	MAXXWrap for 12' Assembly (Actual Length 7.8')
451210	MAXXWrap for 15' Assembly (Actual Length 11.7')
451211	MAXXWrap for 20' Assembly (Actual Length 16.7')

*TRAMEC SLOAN suggests the best way to cut the MAXXWrap is to use a Heat Knife. It can also be sheared but is recommended to seal with heat after to avoid fraying.
