

COILED AIR ASSEMBLIES

INDUSTRY LEADER IN THE MANUFACTURE AND DISTRIBUTION OF COILED AIR

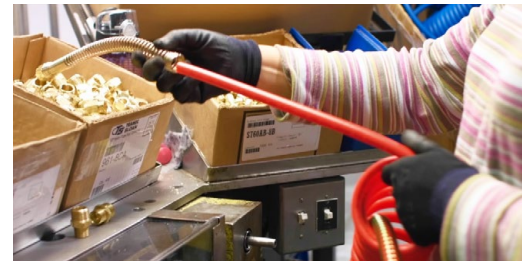

Tramec Sloan Coiled Air Assemblies are manufactured in the USA at our facility in Holland, Michigan, using the highest quality components available. We certify our assemblies to meet FMVSS 571.106 and 593.45 specifications and the individual components all meet the SAE J844, SAE J476 and SAE J246 specifications. Don't take chances - buy certified Tramec Sloan Coiled Air and buy American made peace of mind.

COILED AIR SPECIFICATIONS

- Working Pressure: 150 PSI
- Conforms to SAE J844
- Operating Temperature of -65°F to +200°F
- Available with Brass Handles for Installation Ease
- Wide Variety of Coiled Air Assemblies & Configurations

TRAMEC SLOAN'S COILED AIR CONFIGURATIONS

- Coiled Air Brake Tubing Assemblies
- Coiled Air Brake Tubing Assemblies With Brass Handle
- Coiled Air Brake Tubing Assemblies With Dura-Grip
- Sliding Fifth Wheel Coiled Nylon Air Line
- MAXXValue™ Coiled Air Assemblies
- Coiled Air Brake Tubing Display Box

HOW COILED AIR IS MADE

Nylon tubing from large spools is wrapped onto mandrels to correct working lengths. The coils are then pressurized before being baked, both of which help the tubing retain it's new shape. After coming out of the ovens and cooling, the coils are removed from the mandrels and are ready for some finishing touches. Springs and brass fittings are fixed to the ends to create the finished assembly.

COILED AIR ASSEMBLIES

MAXXVALUE™ COILED AIR

The industry's first high-quality, low-cost coiled air that is assembled in the U.S. and is DOT tested and approved. Our MAXXValue™ assemblies cut costs *without* cutting corners.

TRAMEC SLOAN'S STANDARD COILED AIR

This is our high-quality standard. Available in many sizes and configurations that are all made to your specs in just 48 hours.

Assembled in Holland, MI with brass fittings made in our Galion, OH plant.

Options include various working lengths, 3/8" and 1/2" fittings, swivel fittings, 6", 12" and 40" leads, singles and sets.

STANDARD COILED AIR WITH SWIVEL FITTINGS

These are our high-quality standard coiled air assemblies with the added benefits of live swivel fittings.

COILED AIR WITH DURA-GRIPS®

Tramec Sloan's standard coiled air with Dura-Grip handles. Dura-Grips provide an ergonomic hold that resists cracking in sub-zero temperatures.

COILED AIR WITH BRASS HANDLES

Tramec Sloan's standard coiled air with brass handles for built-in grip!

SLIDING FIFTH WHEEL COILED NYLON AIR LINE

Coiled black 1/4" nylon air hose with spring guard extends up to 5 ft.
