## SPOTLIGHT ON THE FLEXI-STEP

### A MOUNTABLE, IMPACT RESISTANT STEP IDEAL FOR UTILITY & WORK TRUCKS

- ✓ Part number **08-43**
- ✓ Mounts to the rear or side areas of work trucks to add an extra step where easy access is required
- ✓ Red powder coated steel grips provide visibility and extra traction for slip protection
- ✓ Black E-coated mounting bracket & stainless steel hardware for easy, durable assembly and corrosion resistance
- ✓ Commonly used on utility or work trucks
- ✓ Made in the USA!
- ✓ New to the Tramec Sloan line up from the recent acquisition of Penz Products!

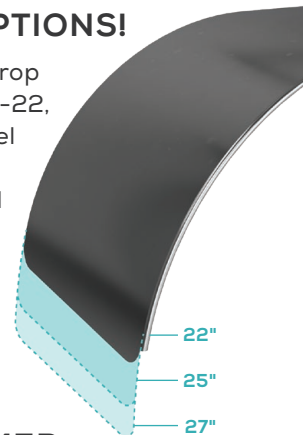

Visit [Penz.us](https://penz.us) or call **574.255.4736** to learn more about the Flexi-Step!

👁️ KEEP YOUR EYE OUT...  
**WE HAVE SO MUCH COMING SOON!**

### NEW FENDER OPTIONS!

We're adding two new drop length options to our SRC-22, 57" Smooth Stainless Steel Fenders! Soon you will be able to choose an extended 25" or 27" drop length in addition to the standard 22".

Learn more about our classic metal & poly fenders online at [fleetengineers.com](https://fleetengineers.com)

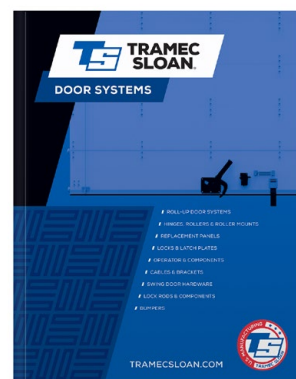

### OUR TOP-TIER CUSTOMER SERVICE GETS EVEN BETTER!

We're currently in the process of implementing an automated order entry process. This automation takes over repetitive order entry tasks which frees up our Customer Service team to handle the more personal aspects of the job. Our CSRs are excited for this new system to roll out! Customers will benefit from rapid order confirmations, increased accuracy, and a more personal experience.

### NEW CATALOG!

Our brand new **Door Systems** catalog is now ready to download online! Visit our literature library at [tramecsloan.com](https://tramecsloan.com) to view and download a PDF of this and other product catalogs.

**Coming Soon:** Physical copies are in production and will be available to order later this summer.

NEW!

# INTRODUCING THE SUREGRIP™ HANDLE!

Tramec Sloan is pleased to announce the addition of SureGrip™ handles to our product line! Going forward, these new rubber hose grips will replace the plastic Dura-Grip® handles found on our 3-in-1 Wraps and Tractor-to-Trailer hose assemblies. Products featuring our aluminum grips are also being discontinued.

- ✓ All current wrap and hose part numbers that utilize plastic Dura-Grips will now feature SureGrips instead. Coiled Air assemblies with Dura-Grips are not affected.
- ✓ Our new rubber SureGrips provide the strain relief of a spring while also offering a comfortable, ergonomic grip for improved leverage and the confidence of a secure gladhand connection.
