

3-IN-1 & 4-IN-1 WRAPS

PROVIDING EXTRA STRENGTH & ORGANIZATION TO PROTECT YOUR VITAL SYSTEMS!

451097

FEATURES & BENEFITS

- Wraps combine components into one tight bundle which prevents lines from becoming tangled and provides superior abrasion resistance
- Tramec Sloan's 3-in-1 and 4-in-1 Wraps are **American made!** Hoses, cables, and completed wrap assembly are all made in the USA
- Our Wraps come standard using 3/8" hose assemblies with 1/2" adapter swivel fittings with springs. Plus: hanger clamp, carabiner, and sleeve.

CUSTOMIZE YOUR WRAP!

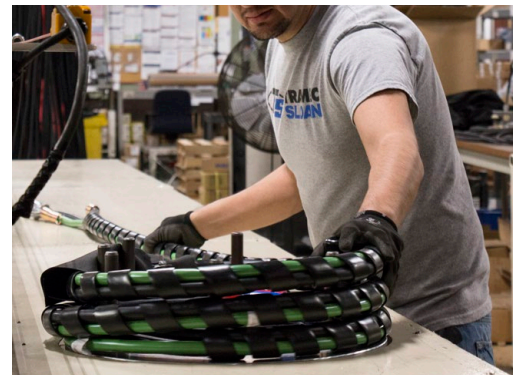

We can create any combination of these variables that you require:

- Overall Working Length
- Hose Colors
- Electrical Cable(s)
- Handle Type (pictured right)
- Wrap Style

See back for more details.

TECH TIP: Avoid damage and CSA violations by utilizing multiple tender springs to hang your wrapped lines instead of just one. This reduces stress on the springs so they won't stretch out and allow your lines to drag on the deck plate.

Custom Created for You: Each wrap is built to order with the exact combination of features you require. Plus, they're **made in the USA!** Wraps bring together components made at three of our U.S. facilities.

3-IN-1 & 4-IN-1 WRAPS

POPULAR 3-IN-1 AND 4-IN-1 VARIATIONS
