- Assemblies meet FMVSS 571.106 and 593.45 specs
- Individual components all meet SAE J844, SAE J476, and SAE J246 specs

SIZES & STYLES

Our high-quality assemblies come in many sizes and configurations, all made to your specs in just 48 hours.

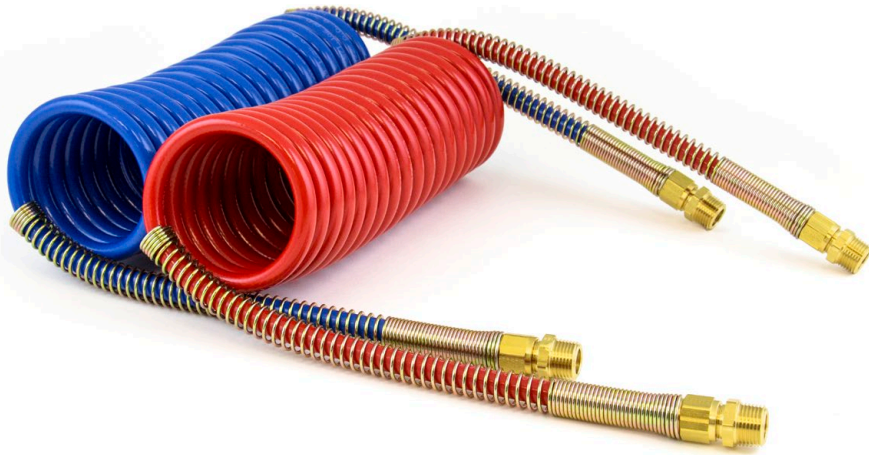

- 8', 12', 15', and 20' working lengths
- 6", 12", 40", 48", and 72" leads
- Brass and Dura-Grip handles
- Swivel Fittings
- Singles and Sets
- MAXXValue™ Coiled Air: Our high quality option at a low cost
- Fifth Wheel Slider Coils
- Retail Floor Display

HOW IS COILED AIR MADE?

First, bulk nylon tubing is wrapped onto mandrels to create coils in standard working lengths. The coils are then pressurized before being baked in large industrial ovens. These two steps help the tubing retain it's new shape.

After coming out of the ovens and cooling, the coils are removed from the mandrels and are ready for some finishing touches. Long springs are added over the leads to protect against kinks. Then, to finish the assembly, the ends are affixed with brass fittings that are made at our plant in Ohio.

COILED AIR ASSEMBLIES

TRAMEC SLOAN'S STANDARD

This is our high-quality standard. Available in many sizes that are all made to your specs in just 48 hours. Assembled in Holland, MI with brass fittings made in our Galion, OH plant.

Options include various working lengths, 3/8" and 1/2" fittings, swivel fittings, 6", 12" and 40" leads, singles and sets.

STANDARD COILED AIR WITH SWIVEL FITTINGS provide the added benefits of live swivel fittings.

STANDARD COILED AIR WITH DURA-GRIPS® offer an ergonomic hold that resists cracking in sub-zero temperatures.

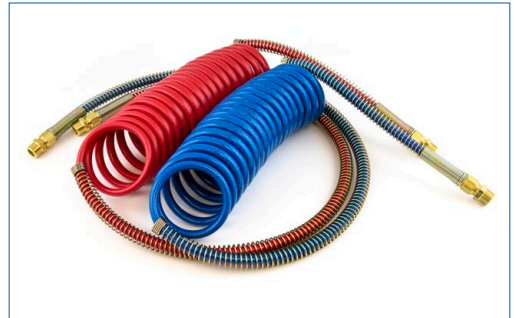

STANDARD COILED AIR WITH BRASS HANDLES for a heavy duty, built-in grip!

MAXXVALUE™ COILED AIR

The industry's first high-quality, low-cost coiled air that is assembled in the U.S. and is DOT tested and approved. Our MAXXValue™ assemblies cut costs *without* cutting corners!

FIFTH WHEEL SLIDER COILS

Coiled black 1/4" nylon air hose available with or without spring guards and a working length of 4.5 or 6 ft.

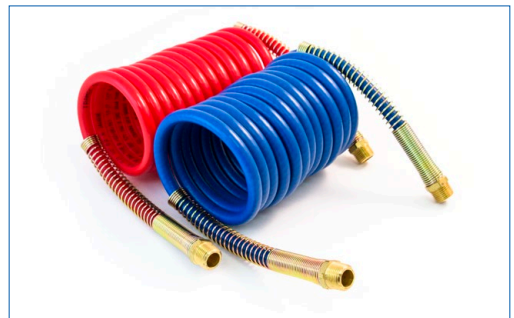

Set of 15' Coiled Air Assemblies with 40" Leads

Coiled Air Assembly with a Dura-Grip Handle

Coiled Air Assemblies with Brass Handles

Set of 12' MAXXValue™ Coiled Air Assemblies
