

TRACTOR-TO-TRAILER HOSE ASSEMBLIES

WHEN YOU'RE LOOKING FOR AN ALTERNATIVE TO COILED AIR, LOOK TO OUR HIGH-QUALITY RUBBER HOSES

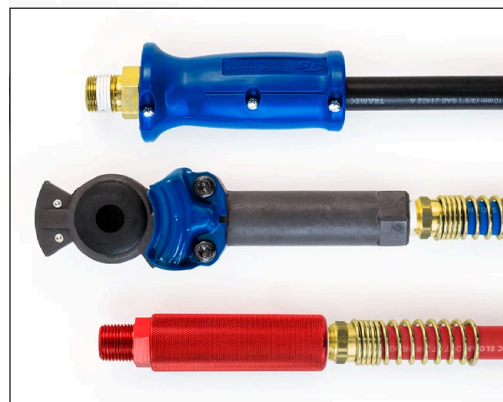

FEATURES & BENEFITS

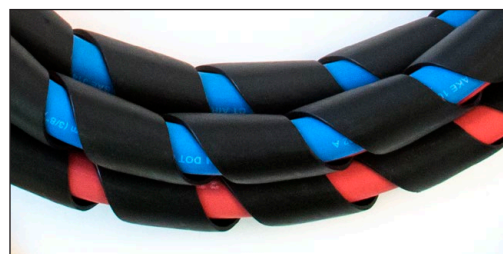

- Tramec Sloan's tractor-to-trailer hose assemblies are high quality and **American made!**
- Each assembly features a 1/2" adapter swivel fitting on one end and a fixed end with presealed pipe threads for a secure connection to a grip or gladhand.
- Choose from **black**, **red**, or **blue** 3/8" hose
- Handle options (pictured right) include plastic or aluminum grips, anodized MAXXGrip Gladhands, or none
- Available in sets with or without spiral wrap for extra protection

HOSE ASSEMBLY SPECS

- Minimum Burst Pressure of 900 PSI
- Conforms to SAE J1402 & DOT-106 Specifications
- Maximum Operating Pressure of 225 PSI
- Operating Temperature of -40°F to +212°F
- Hoses are resistant to gasoline, diesel fuel, oil, and other commonly used road & cleaning chemicals
- Hoses have excellent resistance to abrasion and harsh weather

MADE IN THE USA: Tramec Sloan's Tractor-to-Trailer hoses are built to order for you in just 48 hours

SPIRAL WRAP: Add extra protection to your air lines and keep them organized with spiral wrapping.

TRACTOR-TO-TRAILER HOSES

HOW TO BUILD YOUR HOSE ASSEMBLY

Using the tables below, it's easy to create the hose configuration(s) you require. Begin with a base part number, then add a prefix and/or suffix as needed.

BASE	LENGTH
455144	12ft Black Hose, 1/2" Fittings
455180	15ft Black Hose, 1/2" Fittings
455240	20ft Black Hose, 1/2" Fittings

PREFIX	HOSE COLOR
B	Blue Hose
R	Red Hose
BR	Blue & Red Hose (for sets only)

SUFFIX	SINGLE HOSE HANDLES
R	Red Dura-Grip
B	Blue Dura-Grip
AR	Red Aluminum Grip
AB	Blue Aluminum Grip
ANRMAXX	Emergency (Red) Anodized MAXXGrip Gladhand
ANBMAXX	Service (Blue) Anodized MAXXGrip Gladhand

SUFFIX	HOSE SET HANDLES
SET	Hose Set, No Handles
SETW	Wrapped Hose Set, No Handles
DSET	Hose Set with Dura-Grips
DSETW	Wrapped Hose Set with Dura-Grips
ASET	Hose Set with Aluminum Grips
ASETW	Wrapped Hose Set with Aluminum Grips
MAXXSET	Hose Set with Anodized MAXXGrip Gladhands
MAXXSETW	Wrapped Hose Set with Anodized MAXXGrip Gladhands

CAN'T FIND WHAT YOU'RE LOOKING FOR?

Need a custom length, a non-standard component, or something else? Just give Customer Service a call and chances are, we can have your unique hose built for you in just 48 hours.

455144 - Base part number only. 12ft black hose with no handles, just 1/2" fittings

B455144B - The prefix "B" changes the 12ft base hose to blue and the suffix "B" adds a blue Dura-Grip

455144ASETW - No prefix keeps the 12ft hoses black. The suffix "ASETW" adds aluminum grips, makes it a pair of hoses instead of one, and adds spiral wrap.
