

THE MAXXWRAP™

A DURABLE, INNOVATIVE WAY TO BUNDLE & PROTECT YOUR VITAL AIR & ELECTRICAL LINES!

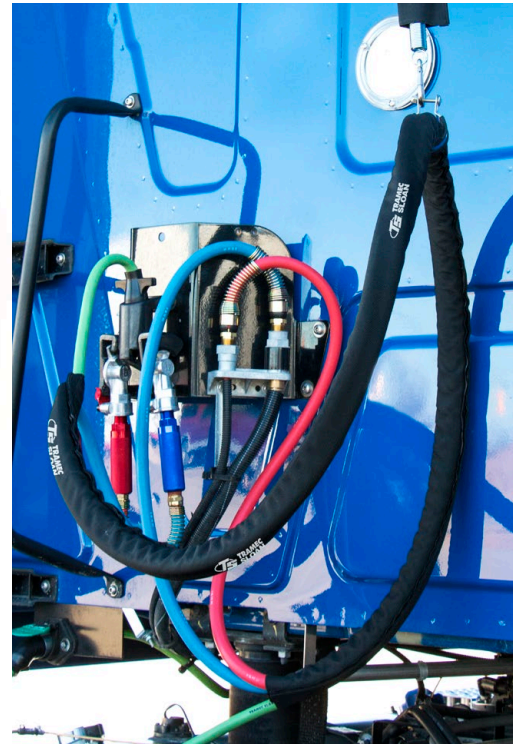

FEATURES & BENEFITS

- Made from tightly woven ballistic nylon, the MAXXWrap is flexible, repels liquid, and prevents damage from tangling, abrasion, gasoline, engine chemicals, salt spray, and more!
- Developed with and tested by a major US & Canadian fleet to meet your all-weather needs.
- It's hook & loop closure means your lines can be easily unwrapped for DOT inspection or to replace a damaged component as needed.
- Less SKUs to stock.
- Use the MAXXWrap to custom create a 3-in-1 with any combination of hoses and electrical lines!
- Made in the USA!

AVAILABLE TWO WAYS!

The MAXXWrap material comes in **bulk and precut lengths** so you can choose your own hoses and electrical cable. We also provide a number of **fully assembled 3-in-1 wraps** that utilize the MAXXwrap.

MAXXWrap keeps your lines organized and protected with easy access for repairs and inspection

HIGHLY DURABLE:
MAXXWrap is made from tightly woven ballistic nylon to resist wear and damage

THE MAXXWRAP™

THE MAXXWRAP™

Bulk & Ready-to-Use Lengths of MAXXWrap Material

P/N	DESCRIPTION
451208	Bulk MAXXWrap - 150ft Roll*
451209	MAXXWrap for 12' Assembly (Actual Length 7.8')
451210	MAXXWrap for 15' Assembly (Actual Length 11.7')
451211	MAXXWrap for 20' Assembly (Actual Length 16.7')

* Tramec Sloan suggests the best way to cut the MAXXWrap is to use a **heat knife**. It can also be sheared but is recommended to **seal with heat** afterwards to avoid fraying.

3-IN-1 MAXXWRAPS™

Preassembled 3-in-1 wraps utilizing the MAXXWrap

P/N	LENGTH	CABLE	HOSES	HANDLES
